CONSENT TO USE OF YOUR SPERM FOR INTRAUTERINE INSEMINATION (IUI)

Form # MSF - 130 (Oct 2016)

As of December 1, 2007 Regulations under Section 8 of the *Assisted Human Reproduction Act* regarding “Consent To Use” requires that you are informed about the use of your sperm to create an “In Vivo” * embryo prior to your giving consent for such use.

** An in vivo embryo is created when sperm successfully fertilizes an egg and an embryo is created inside recipient partner’s body.*

The sperm provided by you for intrauterine insemination (IUI) will be used for you and your partner’s reproductive use to create an in vivo embryo for the purpose of creating a pregnancy.

You are able to withdraw your consent to use at any time prior to such use. To withdraw consent to use, you understand that the clinician who intends to make use of your sperm must be notified in writing of your withdrawal, prior to any such use.

I, the undersigned, hereby consent to the use of my sperm for my own reproductive use to create an in vivo embryo for the purpose of creating a pregnancy. I acknowledge receipt of this information.
